A SEASON OF CHANGE, A SEASON OF VOICES

Dear Friends,

As the seasons change, so too does our community. This summer and fall, we've been making exciting updates at MFOMS. One of the biggest is that all our new programs now begin with Moebius Voices.

Since 2009, together we have been the many faces and many voices of Moebius Syndrome. These new programs are designed to help us share our stories even more widely.

We invite you to follow us on social media and visit our website. Together, we have a bright future ahead.

Take care,
Tim Smith

HOLIDAY GIVING TREE

Share Joy This Holiday Season

This holiday season, we're connecting children and adults with Moebius Syndrome to donors who want to give a little extra.

If even one person is touched through this campaign, it's worth it. It's all about kindness, connection, and giving joy where it's needed most.

MSAD 2026 Resources Are Ready

The holidays can get busy, so we've prepared everything early this year:

- Press Release (ready to share)
- Proclamation Toolkit (step-by-step guide for requesting proclamations)
- Media Toolkit (easy instructions to reach local media)

Every outreach matters. Together, we can make MSAD 2026 the most impactful yet.

✦ COMMUNITY HIGHLIGHTS

Celebrating Moebius Voices

We have two new programs designed to help your voice be heard.

- Moebius Voices: Interviews with Sophie Taylor, where we highlight the real experiences of people living with Moebius Syndrome. Let us interview you: 👉 [Learn more](#)
- Moebius Voices: Story Board! Here's how it works: you answer a list of questions in as much detail as you'd like, and we'll turn your responses into your very own story. These stories are more than words on a page — they connect our community, spread awareness about Moebius Syndrome, and remind us that no one is alone in their journey. 👉 [Learn more](#).
